Dear Jo,

Update on personnel arrangements at the Ministry for Primary Industries for 2015 MSC Surveillance Audits for hoki, hake, ling, and southern blue whiting

In the past year, a number of changes have taken place within the Ministry for Primary Industries Fisheries Management Directorate.

The Directorate underwent a minor restructure and a new governance structure is now in place. In addition, the Team Manager of the deepwater fisheries team has accepted a 1 year secondment and a temporary replacement has been named to fill the Team Manager Deepwater Fisheries role in her absence. As of 20 November 2015, the governance structure for the Deepwater Fisheries Management team is:

Director Fisheries Management: Dave Turner

Offshore Fisheries Manager: Arthur Hore

Team Manager Deepwater Fisheries: Tiffany Bock (Acting for Vicky Reeve, who is on secondment).

Ongoing work at MPI has not been affected by these changes and we continue to support the DWG initiative to maintain certification of New Zealand's deepwater fisheries.

Yours sincerely
